**Wallauer October 1, 2022 - Benjamin Moore Pricing Action**

To our valued partners,

Due to continued rising raw material, transportation and distribution costs within our industry, Benjamin Moore and many of our other paint and lacquer distributors have announced recent price increases. In fact, Wallauer received a blended +11% price increase from Benjamin Moore on August 22, 2022, and decided to hold current pricing until September 30, 2022, as to not interrupt the summer painting season for our dedicated contractors. As a result, Wallauer will be implementing a price increase on all paint and coatings of up to 12%, effective October 1, 2022.

We thank you for your business and remain committed to providing you with quality products and outstanding customer service. We appreciate your understanding and thank you for your continued partnership with Wallauer's.

Best regards,
